I am writing to let you know that I strongly oppose this mandate and ask that you reject this proposal due to the hardship it will cause the citizens/taxpayers of this great state of Maine. This is a constitutional republic and the voters, not unelected bureaucrats, should be the ones to decide if this is something they want or need. Why should we be punished for the pollutants coming from other countries, such as India, China and Russia! If you like the California rules, then I suggest you move there!

Sincerely,

Anne Downes
