As a dealer we plead that the laws do not unfairly punish the dealers.

If this passes the manufacturer will “dump” electric vehicles unjustly onto the dealers’ lots, which as written the State of Maine will consider these “sold”.

We are only able to pay bills, payrolls, mortgages, etc. when vehicles are sold to actual customers.

I am in the County, and I have no one asking for an electric car, the consumer is smart enough to know that we have NO INFRASTRUCTURE to support this endeavor.

Thank you!
