Maybe too much cannabis? Do some research please. . . not politics on this issue. Makes zero sense for Maine. By the way I haven't noticed my electric bills being reduced with all of your solar farms, windmills, etc. going up and naturally destroying our beautiful state. How can that be!!! Maine is third in the nation only behind California and Hawaii in cost of electricity.

You should be ashamed of yourselves. I guess your program would add an extra hour to me going to the grocery store in Farmington from Rangeley. Thanks so much for your foresight.

“When you recognize that pain and response to pain is a universal thing, it helps explain so many things about others, just as it explains so much about yourself ... It essentially tells you what everybody needs,” he said. “You know what everybody needs? You want to put it in a single word? Everybody needs to be understood. And out of that comes every form of love.

“Self-Esteem: the ability to see myself as an imperfectly flawed person and still hold myself in high regard!” - Ron Luyet, my mentor

“I would like to live
Like a river flows,
Carried by the surprise
Of its own unfolding.”
John O'Donohue

“We shall not cease from exploration
And the end of all our exploring
Will be to arrive where we started
And know the place for the first time.”

— T. S. Eliot, Four Quartets

If you are distressed by anything external, the pain is not due to the thing itself, but to your estimate of it; and this you have the power to revoke at any moment.

– Marcus Aurelius
