Subject: Electric car mandate

Please do not pass an electric car mandate. As you are aware, there was a storm in December that caused many people to loose power for days, including myself. How would someone charge their car?

It is absolutely insane to mandate what type of car someone should buy. It goes against being pro choice. Let me have a choice in how I spend my money.

Maine is not California. Let people decide what car to buy. We can afford this mandate.
