My name is Daniel S. Masessa from Montville, Maine. I OPPOSE these electric vehicle mandates.

These mandates are totally impractical for the state of Maine. Our cold winters would make electric vehicle travel virtually impossible. People will not be able to get to work. Deliveries of all types will be stranded and residents of Maine would go without food, fuel, and many other essential goods. The mandates will cripple our state and ruin our economy.

Electric vehicles are more expensive and many low income Mainers and most retired Mainers living on fixed incomes would not be able to afford EV's.

This was not addressed by our elected legislature. Sadly, this is being pushed by unelected appointees and special interest groups.

I OPPOSE these EV mandates.

Respectfully,

Daniel S. Masessa
Montville, Maine
