I will never have an electric car...they are not reliable in Cold weather...stations are to far apart...does not give the gas mileage based on multiple factors such as hills, traffic...etc. Mills can pound sand!!! I blame the republicans for allowing all this activity in Maine with Illegals, social welfare to other people not Mainers, crime, agendas against our values and principles (abortion, transgender, teachers, schools etc.). republicans should be able to get our state back from these idiot Democrats. Work SMARTER!!!!
