Dear Governor Mills and all in favor of mandating EVs for Mainers,

My name is Elizabeth Jordan, I live in Kennebunkport, and I am opposed to any mandates for electric vehicles for the people of our state. These vehicles are NOT green, but are a virtue signal for the rich who can afford them and who want applause, and who can also afford a gas-powered car for their long trips. These vehicles are favorable for China and for the child slave labor market as they are the ones who mine the minerals, but not helpful to the average Maine citizen. We are on to you, and we the people of Maine demand our "choice" of what we will or will not purchase. Thank you.

Elizabeth Jordan
