Hi, Name: Frederick Sturtevant, 239 North St, Mechanic Falls, ME 04256, phone number 207 754-2880

I think mandating electric cars and truck's is foolish and unnecessary the climate in Maine can't support them through the weather and infrastructure can barely handle the electricity needed now viable when we need to update it the nimby's come out of the wood, and if we let the market work we'll fet clean cars in the future, oil still a good viable energy that keeps this state and country going strong we need to use common sense and slow down on this mandate.

Thank you Fred Sturtevant
