To Whom It May Concern,

I am writing to ask you the vote OUGHT NOT TO PASS on the Chapter 127-A: Advanced Clean Cars II Program. I am strongly opposed to proposed Rule 127-A vehicle sales mandate. Electric vehicles are not for everyone, especially in our State.

The charging grid is not up to speed, the ranges are not enough, and consumers are wary. Yes, they are appropriate for some consumers, but please let them decide for themselves. Dealers should not be forced to stock inventory that does not sell.

What happens in California should stay in California as their policies have destroyed a once beautiful state. Lets not let the far left destroy Our precious State.

Thank you and best regards,

Greg Gosselin, Broker/Owner - Gosselin Realty Group
