Subject: Electric Vehicle Mandate

Maine families are struggling enough already. The last thing we need to do is mandate they buy an electric vehicle. Interest rates, grocery prices, and home heating are challenging enough to deal with.

Government shouldn't make life harder by reducing the options available to consumers and increasing the cost of purchasing a vehicle, especially when there is no real benefit.

Vote no against this intrusive form of government regulation and let Maine people choose what automobile they wish.

Respectfully yours,

**James Glusker
