I served on the BEP for 8 years and as chairman for 5 of those 8 years.

We acted on laws passed and set rules for them. We did not act at any time during that period as an activist board.

You have before you a petition based on points of view but not on any legislation.

This item should be tabled indefinitely and not pursued until the legislature passes some law that addresses this and then work on rules.

Such a major issue with such an impact on our rural state should not be supported and regulations set by an activist petitioner and unelected members appointed to any board.

James Parker

Past chair BEP
