To Whom it may Concern:

One cannot fit a round peg in a square hole. It's so simple. We live in an area far removed from CA and OUR NEEDS are vastly different. Governor Mills, why can you not see that and plan accordingly, rather than trying to fit that 'round peg' in there? The governing bodies are to be working FOR THE PEOPLE. Common sense should reign. I use the outage we have just been through. Some still do not have electricity and it's been 5 days. And, this outage is small compared to what it could be if we had gotten snow rather than rain. I don't know what else to say other than SLOW DOWN. USE YOUR HEAD. BE A LEADER rather than a follower. BE SMART.

Respectfully,
Jeannie Matkowski
