I am not in favor of this proposed rule or any others that would impinge on our freedom to choose the vehicle of our choice using the fuel that that vehicle uses.  
We are not other states. Whatever benefit Maine would receive from passing this rule would pale in comparison to the detrimental effects on the individuals of our state.  
Too much time and money is being spent on this topic and its about time that Maine leads the nation in opposition to those rules, laws and preferences that the people DO NOT want.  
Thank you for hearing me.  
Respectfully,
