What are they smoking in Augusta?

Anyone with a little bit of command sense already knows EV's pollute OUR environment MORE, NOT LESS!!!  
Anyone with their head screwed on straight knows the charging stations use MORE electricity, NOT LESS.

The life span of solar & wind generation does NOT work 24/7, & is short lived.  
Plus much of that equipment is NOT recyclable, filling OUR landfills with hazardous materials.

Increase Hydro-dams, reliable, clean, safe, 24/7 energy. Fish ladders are way LESS destructive then so called green.

Wake up "America", joes green new deal is NOT green!!!

Personally, I will NOT be VOTING for ANY RINO's, DS DINO's, or INDEPENDENT's (they always vote with DS DINO).

"Let Go Brandon"  
"GOD BLESS AMERICA"  
"Go Donald Go"  
"VOTE 11/7/2024"!!!!
