Hello,

My name is Judy Petros and I abhor and oppose this mandate for Advanced Clean Cars II Program. What's good for California is not good for Maine.

The expenses associated with obtaining and maintaining these vehicles are prohibitive and unreasonable for Mainers. Also, Maine's grid is not prepared to handle the intense demands.

Our people should be able to choose whatever transportation mode fits their needs with no mandates blocking their choices. When people lose their free will options their mental health deteriorates. Are you ready to face that backlash?

Respectfully,
