Good Morning

I am writing to comment on 127 A. I absolutely oppose this program. In Maine, electricity is unreliable and charging stations are too few and far between. Additionally, until the technology has improved and the batteries in electric vehicles can be recycled, I do not believe this solution is better for the environment or the people who rely on safe transportation in outlying areas. Again, I oppose this program! Thank you, Karen Foley, 189 North Ave, Skowhegan, ME 04976. 207-944-7860.
