We are vehemently apposed to their governmental over reach that doesn't jibe with the fact that America isn't even the biggest polluter on the Earth.

China and India are.

Yet they're not participating in this "freedom grab". As an American we get to choose whatever vehicle we desire to drive around in.

You're trying to control our choices and force us into the Green New Scam promoted by the non-binding Paris Accord.

Vote no on this ridiculous California driven law.

Thank you.
