We in Maine should not be using California rules in any part. This is Maine , not California !. That is crazy! We have cold weather here. Batteries do not perform well in cold weather. Also, Maine is lots poorer than California. We should not be punishing ourselves, or our local business. It would put Maine at further disadvantage. It would not work for me, and would give me another reason to move to Florida or New Mexico.

Thanks

Ken Albee

East Machias, Maine
