Ms Cayting,

I am writing regarding Chapter 127-A. I feel that this proposal is wrong for Maine and its residents.

Maine has high electric prices-residents are having difficulty paying for home usage

Electric vehicles are not efficient in cold climates.

Lack of charging stations especially in rural areas will put Mainers in unsafe situations. Janet Mills said in her State of the Union Address that it is government duty to keep its people safe.This will put Mainers in jeopardy on a daily basis.

Respectfully submitted,
Linda McMahon
