No electric car mandate!!!!

You will cost people their lives!!

We can not afford them.

We are a rural poor state, with cold temperatures , where the vehicles don't work.

We have a lot of elderly who will DIE when their cars don't work.

Mothers with babies who will freeze.

We are POOR.

This is not communist Soviet Union where government dictates people lives and choices.

You are not in office to cause harm to Mainers and irreversible damage.
