Please don't let this go through!! My husband and I live in Washington ME and we're very concerned that if legislation goes through in favor of the electric vehicles we will be stranded and unable to go to anywhere since we cannot afford an EV.... Also, there will need to be huge outlays of taxpayer money to invest in the infrastructure needed for charging the vehicles.... I'm also concerned about operating an EV in cold weather.... This technology needs to be tried and tested before it is forced on the populace!

Sincerely,
Melody Kniesner
