To whom it may concern:

We are writing to **OPPOSE this electric vehicle mandate**, which has not even been addressed by the full Legislature. Why is the government under Governor Mills pushing these rules being rammed through by special interest groups and by a board of unelected political appointees.

We operate under a Constitution last time I checked and we will not be mandated to buy anything that is against our best interests as citizens and consumers..

Please remember Governor Mills that you are a servant of the people and not a tyrant.

Sincerely **against the electric vehicle mandate**

We remain, Michael and Patricia Zebley
