To whom it may concern,

I oppose this proposed ruling, not to mention, **82%** of the hearing testimony is against it.

I respect that you received a petition, albeit 150 activists to initiate this ruling, however this does not constitute the majority of Maine citizens.

I also take offense to the fact that an unelected entity is driving this biased socio-economic ruling.

EVs dismally low sales history in Maine are an indicator...

Kindly, stop taking my free choice away from me.

Kind regards,
Michele Perejda
