AS A Maine Resident. I am highly opposed to this ruling to force our mandate electric cars

I lost power for 2 days and frequently do. Without a car, I would be Subject to not protect myself and my family because I couldn't leave the house to get to hotel or safe space.

It is proven cold areas and regions that rely on electric as Maine doe would be irresponsible to force residents to move from gas powered cars such are the only reliable source in the winter. MAINE SHOULD FOCUS ON PROTECTING ITS RESIDENTS.

If Maine forced this, I would move out of this state.

Resident in Cape Neddick
