Dear Sir or Madam,

There are so many reasons why you should vote NO on this rule; it is so damaging to the people of Maine.

My main concern is there is NO EQUITY in this rule for those disadvantaged or lower income. The cost of electricity is already high in this state. How will people of less means afford this burden let alone the high cost of purchasing on EV. How are renters or folks with no garage going to manage in the wintertime.

This is a rule dreamed up by and for the elite who want to make themselves feel good about climate change. It accomplishes nothing else and will hurt the people of Maine.

Thank you and have a great day!

Pat
