Hi, I'm a concerned citizen from Farmington writing to speak out against the proposed clean car rules. These rules will take away consumer choice and force the citizens of our state to purchase vehicles that do currently meet our needs or pay even more for vehicles that are already too expensive. Please let the citizens of our state make decisions for themselves. When electric vehicles make sense people will start buying them. They don't make sense yet and it's wrong to force people to buy vehicles that won't meet their needs. Thank you.

-Stuart Cole
