Dear Gov. Mills, Member of the House and Senate:

There are many reasons why I oppose electric vehicles:

- * Most Mainers can't afford them and public transportation is not widely available.
- *EV may take up to 40 minutes to recharge, rendering them useless in an emergency.
- *Batteries lose range in cold weather and not everyone has a garage.
- * It means decreased mobility for most individuals.
- * Our goods will cost more with such an expensive delivery system.

I encourage you all to drop this impractical idea, especially in this chaotic time.

Best regards,
Susan Carlton
Jonesboro, Maine
