Question or Comment

I am against the mandate for EV vehicles. Ridiculous for Mainers. I own my third Prius and that is the way to go. It is not a plug-in. The country is not ready or willing for this to happen. Stop telling us what to do. We will just buy our cars outside of Maine or in my case, change

my residency. Listen to the PEOPLE for once This is not Calif. And don't try to make us like them

They are a disaster
