JUNIOR LIFETIME LICENSE UPGRADE TO ADULT LIFETIME LICENSE REQUEST FORM

Once a junior lifetime license holder turns 16, they are required to upgrade their license to an adult lifetime license and show proof of having completed the required safety course. Please note, after a license holder turns 16, they can continue to hunt/trap in that calendar year (including hunting on youth days) before upgrading to the adult license. After a junior hunter turns 17, they must upgrade to the adult license before using the hunting authority again.

There is no fee to upgrade to an adult license.

After a junior lifetime license has been upgraded to an adult license, all additional permits are required to be purchased by the license holder (if that person wishes to hunt or trap by certain methods or for certain species) – please visit mefishwildlife.com to check our permits and fees.

Please bring in, mail, email, or fax the following information:
